Advisory Ballot Questions

The Mayor and Council of the City of College Park currently serve two-year terms. They are seeking your input on two questions: Q1) Should there be two-or four-year terms? and Q2) If the terms are four years, should they run concurrently (resulting in an election for all City elected officials every four years), or should they be staggered (resulting in an election every two years for one Council seat from each district, and every four years for the Mayor)?

		District 1	District 2	District 3	District 4	Total
Q 1	Two Year Term	436	165	236	190	1,027
	Four Year Term	344	168	312	111	935
Q 2	Concurrent Terms	315	113	214	140	782
	Staggered Terms	421	202	327	137	1,087

** Two Councilmen-at-large were to be elected. Mr. Clarke was second highest but since he lived in the same District as Mr. Wells who received the most votes, Mr. Clarke could not serve since the City Charter prohibited two Councilmen-at-large from the same District serving on the Council during the same period of office. Mr. Zalesak was therefore elected.
