Paul Carlson, 203 Long Trail Lane, Rockville, MD 20850: Mr. Carlson is a landlord with two properties in College Park and brought to the meeting his tenants who received two noise violations the weekend before last. 09-G-73 Approval of a Letter to the Prince George's County Planning Board and District Council transmitting comments on the Preliminary Central US 1 Corridor Sector Plan and Sectional Map Amendment

At 9:32 p.m., Mayor Brayman recessed the regular session to reconvene in Worksession to discuss the U.S.1 Corridor Sector Plan. The Council met in Worksession from 9:50 p.m. until 12:07 a.m. Councilmembers Jack Perry and Mark Cook left during the Worksession.

The Council did not take action on 09-G-73, and scheduled another Worksession on Monday, September 14 to continue the review of the U.S.1 Corridor Sector Plan. Before adjourning, at 11:43 p.m., the Council took comments from the audience on this item:

John Krouse, 9709 53rd Avenue: Said you can't have a transit system on Route 1 if you can't provide a traffic light so people can safely cross the road to catch a bus. Asked who would pay for the traffic light at Hollywood Road. Discussed “mission creep” of the U.S. 1 Sector Plan: it has crept to the Greenbelt Sector Plan. Many people were not notified who should be involved in the discussion. Asked about parking in the area near the shuttle route. There will be a lot of people seeking to park nearby so they can take the shuttle. This has to be addressed.

Christine Nagle, 9506 52nd Avenue: Agrees with statements made by Mr. Krouse. Believes the Hollywood commercial district should not be included in the Sector Plan, and wants the City

to request that it be removed. Does not believe that the Hollywood commercial district was put into the Plan to help the residents there, but rather because that was a place for everything coming off of Route 1 to be dumped. Regarding the proposal that the school at 52nd Street and Huron be developed – people were not notified that they were going to be included. She is against the shuttle going through the neighborhood. Rhode Island Avenue should not be developed as four lanes.
