

What do you like BEST about your neighborhood? – District 2

Berwyn

- The homes that are family owned!
- They follow the rules
- My neighbors
- Close to everything
- Historic houses
- The help from senior program – excellent services, connections to grocery stores, malls, etc.
- I like the central location of College Park, and that many amenities of urban life are available within a short distance. I also am a big fan of the Trolley Trail and the bike trails in the area, I hope they are improved.
- People, neighbors, houses.
- Relatively quiet
- I LOVE the well-maintained trolley trail, which I consider an incredible resource. I also very much appreciate the layout which discourages the use of our streets as a shortcut between Greenbelt Road and Route 1.
- Many of our neighbors have been here for years and there is a good community of residents who are involved in the neighborhood.
- Feels quiet and secluded, lots of people out walking around, walking dogs, etc.
- Access to educational resources and DC and Beltway
- Distance to school and activities.
- UMCP
- Its vicinity to the UMD College Park Campus and the College Park Metro.
- Cheap rent but not terribly dangerous.
- That it was cheaper to live in then the apartments near campus

- Trees, active civic association, some good neighbors
- For Prince George's county MD, it's as good as it gets. Everything is available within the city or nearby. It may not be top shelf, but whatever one needs is close.
- Variety of house types, access to I-95, B-W Parkway, I-495, and Rt. 1. On a Sunday afternoon, it's quite nice and relaxing; The closeness of the neighbors and the communication system we have in place via social media (Nextdoor).
