

What do you like BEST about your neighborhood? – District 4

Autoville – Cherry Hill

- Backs to Parkland so no one can build!
- Near to Paint Branch Trail
- Close to my work place (University of Maryland)
- My neighborhood is near the beltway, shopping and restaurants. There are also bus stops for Metro and UMD buses. We also have two parks in the vicinity as well as the bike trail. We live among nature.
- Small, quiet, single family homes with good mix of long-term owners and younger renters.
- It has been nice and quiet, despite being just one block away from Rte 1.

College Park Woods

- The People
- Peacefully friendly
- Friends
- Location
- I feel reasonably safe, most houses are well kept, and we get good City services.
- Great established suburban residential neighborhood, the safety from single entrance, great public service
- Trees, park, my neighbors
- Tree lined streets
- Quite and relative safe
- Quiet and safe
- Safety and good neighbors
- One way in and out
- Woods and wild animals
- Good friendly neighbors
- Quiet, Tree Canopy
- Safety, family friendly, quiet, aesthetically pleasing
- The woods behind my house
- Nearby woods and open space
- One entrance to College Park Woods and the installation of monitoring of cars entering/leaving College Park Woods.
- Location to Baltimore and Washington; Quiet, One way in & out. Many trees, M-NCPPC park.
- Reasonably well kept, convenient to other areas.
- Our neighbors are wonderful and we help each other a lot.
- Quiet
- Quiet
- Relatively safe
- My neighbors around me are quite and maintain their lives calm and silent.
- My neighbors. My tree lined street
- Residential and lots of trees.
- It is close to the university.
- It feels safe, there are a mix of residents, our community has periodic gatherings and activities, there is a great amount of landscaping/vegetation
- When I lived in College Park from 1969 to 1980, it was a pretty good place to live, now seems better.
- Great for walking, nice neighbors, quiet (for the most part)
- Proximity to downtown Washington, D.C. and urban amenities; proximity to U of MD & other educational institutions, USDA, NASA Goddard, College Park Airport & Aviation Museum, etc.; and the racial, ethnic, cultural diversity of residents.
- Nice houses. Neighborhood park. Neighborhood pool. Nice landscaping.

- Location, Quiet, availability of parking, generally well kept properties and homes.
- My Neighbors---the cohesiveness of residents
- The diversity of the community of College Park Woods, the unpretentious middle class lifestyle, and being stuck away in College Park, but convenient to a variety of shopping options. Also love the fact that we have a Whole Foods Market coming to add to the holistic food shopping experience offered in MOMs in College Park, MD.
- Nice homes, in terms of size (not too large) and style, generally well-kept but not obsessively manicured landscaping. Short walk to power-line right-of-way "park", and Buck Lodge Park. I enjoy the CPW Swim Club swimming and year-round activities.
- Only one entrance so almost no outside or pass-through vehicular traffic
- Neighbors, the ability to take walks and feel safe, cleanliness, quick snow removal, great trash removal, etc.
- It's fairly isolated
- Mostly local traffic

Crystal Springs

- Close to campus. Cheap.
- Access to bus stop
