This Saturday at the Hollywood Farmers Market, College Park Animal Control will be offering FREE microchipping for dogs and cats for City residents (or only \$20 for non-residents). Microchipping is a quick and pretty painless procedure that can help return pets to their families if lost. We encourage residents to bring their furry family members to participate in this free program!

Welcome to our new Economic Development Coordinator!

Today, the City of College Park welcomed our brand new Economic Development Coordinator, Ryan Chelton. He is a University of Maryland graduate, and previously worked for the CoStar Group.
