Applicants must agree to live in the property as their primary residence for a minimum of 5 years.

- A property that has been newly constructed, is in foreclosure or is a short sale.
- A property that is located in a neighborhood that has fifty percent (50%) or more rental properties as determined by the City.

PROGRAM OBLIGATIONS AND REQUIREMENTS

1. Grant funds can only be used toward purchase of the property. The funds will be paid at the time of settlement.
2. Applicants must agree to live in the property for a minimum of 5 years. If the property is sold anytime during the first 5 years, the pro-rated portion of the balance of the grant shall be immediately due and payable to the City. If at any time during the five year period the property ceases to be owner-occupied, the entire original grant amount shall become due.
3. Applicants must sign a Declaration of Covenants and Conditional Repayment Agreement at settlement. Upon disbursement of grant funds, a lien will be placed on the property for a period of 5 years.

4. Recipients of a College Park homeownership grant will be required to complete an annual certification form provided by the City stating they are in compliance with the terms of the grant.
5. Five years after the date of purchase, the owner(s) will be under no obligation to repay grant funds and the lien will be removed by the City.
6. The College Park homeownership grant may be taxable income, and the applicant is encouraged to consult with a financial advisor or the IRS to determine the status of these funds.
7. Applicants must maintain appropriate homeowner's insurance on the property at all times and provide an insurance certificate, naming the City as an additional insured at the time of settlement.

APPLICATION PROCESS

1. Complete and submit the attached application forms and all required documentation to the City of College Park Planning Department at least two weeks prior to your scheduled settlement date.
2. If you are approved for a College Park homeownership grant, you should check with your mortgage company to see how the grant will be treated in the qualification process.

DEFINITIONS

1. **Condominium:** A unit of real property which is the air space which an apartment occupies. The owner of the condominium also owns a common tenancy with owners of other units in the common area, which includes all the driveways, parking, elevators, outside hallways, recreation and landscaped areas, which are managed by a homeowners' or tenants association.
2. **Owner-Occupied Property:** An owner-occupied property is a property which is the owner's permanent, year-round residence and which may be occupied by the owner's family and no more than two other individuals who lease space from the owner.
3. **Foreclosure:** The process by which a bank takes back property because the money owed for the property has not been paid.
4. **Short Sale:** The process by which a lender agrees to release the lien that is secured to the property upon receipt of less money than is actually owed. A short sale may occur when the current owner is unable to meet the mortgage payments. By forgiving the balance of the debt, the lender may avoid the expenses and efforts involved in foreclosure.
5. **Single-Family Property:** A building containing only one dwelling unit, which may be detached or attached, that is used as a complete and independent living facility for one family, which includes permanent provisions for living, sleeping, eating, cooking and sanitation.
6. **Rental Property:** A non-owner occupied property which has been rented to a person or persons for a period of two or more years, or an owner-occupied property which has been rented by three or more individuals for a period of two or more years.
